Dear Parents

Service Learning: The Journey of Giving in Cambodia

The school is organising a Service Learning trip to Cambodia for our Student Leaders from 11 March 2012 to 15 March 2012.

The objectives of this trip are:

1. To provide an opportunity for our student leaders to empathise with and make a difference in the lives of the less fortunate children in Cambodia (Siem Reap)
2. To enable our student leaders to connect the service and learning of the harsh living conditions in less developed countries to better appreciate the present living conditions in Singapore
3. To allow our pupils to develop an appreciation of the rich culture and heritage of Cambodia both in the past and present

We would like to invite your child to participate in this Service-Learning trip to Cambodia.
